**T.Z.A.S.P. MANDAL'S
PRAGATI COLLEGE OF ARTS AND COMMERCE,
DOMBIVLI (E)
Department Of Information Technology**

Academic Year 2025-26

**Report On
"Guest Lecture for Advanced Web Development"**

T.Z.A.S.P. Mandal's Pragati College of Arts & commerce, Dombivli (E) organized "Guest Lecture for Advanced Web Development" for the TYBScIT students. The lecture, conducted by **Dr. Vilas Mahajan**, aimed to enhance the understanding of modern web development techniques and trends, focusing on advanced concepts that are vital for aspiring developers.

The lecture was conducted on 18th October 2025 in the college. Total 57 students were present for the lecture. The lecture was started at 7:00am. This session was held in Room No. 005.

Dr. Vilas Mahajan is a distinguished expert in the field of web development with extensive experience in both academic and practical aspects of the industry. He has worked on various cutting-edge technologies and has a deep understanding of both front-end and back-end development frameworks.

The objectives of the lecture were as follows:

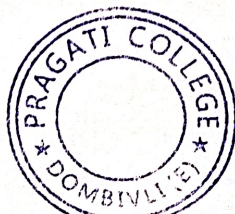

- To introduce students to advanced concepts in web development.
- To discuss the latest trends and technologies in web development.
- To equip students with knowledge on how to integrate modern tools and libraries into their web development projects.
- To provide insights into industry practices and best practices for building scalable and efficient web applications.

Several students raised queries about:

- The best practices for optimizing web applications for performance.
- Career opportunities in web development.
- Choosing the right stack for a web project.

Dr. Mahajan provided insightful answers and also recommended resources such as online courses, books, and communities to further enhance their knowledge. Dr. Mahajan's expertise in the subject matter and his ability to explain complex concepts in a simple and relatable manner made the session valuable for all attendees. The students gained a deeper understanding of advanced web development techniques and were encouraged to explore these technologies in their future projects.

The session concluded at around **8:30 AM**, leaving the students with a wealth of knowledge and practical insights into the dynamic field of web development. The students expressed their appreciation for the lecture, noting that: The topics covered were relevant to their current academic curriculum.
