Sub: - Introduction Letter

Dear Sir / Madam,

We are a software training and Placement organization based in Mumbai. With more than 10 years of training expertise, a highly experienced faculty and a culture of excellence, we provide our students with intensive training in software which equips them for the challenges of the global economy.

We offer training courses in Oracle, Java, .Net, Software Testing and Android. In today's extremely competitive world, one can survive only based on one's skill - both technical and soft skills. What sets us apart is our training style which combines world class theoretical education based on internationally certified curriculum along with ample opportunities for practical exposure on live projects. This ensures that our students obtain specialized skills so as to enable them to take up challenging roles in today's fast changing software world.

Our specialties are

- Small batch size, flexible batch timings and personal attention
- Internationally certified and Industry oriented syllabus updated on continuous basis
- Experienced and certified faculty
- Extensive placement Assistance
- Guidance for international certifications
- Focus on developing live projects
- Interactive multimedia sessions

In order impart latest technology knowledge to students we plan to conduct workshops on following topics:

- Career in Android
- Future in Python
- Java Technology
- Career in Software Testing
- Project to Placement

Each workshop will be of duration of 2 hours and free. We request you to give us an opportunity for the same.

Thanking You,
Yours faithfully
