Report on PPT Competition

The Department of Economics organized a PowerPoint Presentation Competition for B.A. B.S. and B.A. B.S. B.Com. students. The purpose of the competition was to assess the students' understanding of the subject and their ability to present their knowledge effectively.

The competition was organized on the theme of the human economy. Topics like inflation, demand, and supply were chosen. The competition was held on 15/11/2023. A total of 64 students participated in the competition. There were 2 groups were given 10 minutes to prepare their presentation. The students presented their topic with slides show and presented their views regarding the topic. A group was declared as the best.

Dr. B. Parthasarathy, UOD Economics, Sriharipuram College of Arts, Commerce and Science, Chennai and Prof. A. V. Prasad, Assistant Professor, Pongudi College, Pondicherry were the judges. The competition was held on 15/11/2023. The students presented their topic with slides show and presented their views regarding the topic. A group was declared as the best.

The competition was conducted by Dr. G. S. Srinivasan, H. G. Govt. and Prof. R. S. Srinivasan, UOD Economics, Sriharipuram College of Arts, Commerce and Science, Chennai.

REPORT ON SEMINAR ON LAN GAMING

Resource Person : Mr. Dinesh Gupta
Getz/Tech Company, Pune.

Venue : Pragati College of Arts, Science & Commerce,
Dombivli (II).

Date & Time : 27th November, 2015
9.30 A.M. to 11.30 A.M.

The aims and objectives for conducting Lan game Development seminar was to improve students capacity to understand what and how they are learning, and to review, plan and take responsibility for own learning and career choices in animation field.

A career in 3D animation involves creating 3D moving images using computer software. These images are made with the use of digital models. The types of animations that 3D animators create can vary. Some 3D animators create long feature movies, for instance. Others may create shorter animations, like short skits, which can be used for advertisements or website animations. Some 3D animators specialize in creating animations for video games, and others create special effects for live action motion pictures.

Depending on an animator's area of expertise, he might also specialize by creating different aspects of an animation. For instance, one animator may create animated people, while others will help complete the background animation, like landscapes and buildings.

A career is an important aspect of an individual's life, where the individual has to look at his/her past, present and future and match with internal careers and external careers for his/her career satisfaction. The above sessions will help the students to build their career.

REPORT ON SEMINAR ON BIG DATA

Resource Person:

Mr. Deepak Shukla
MPT Data Scientist

Venue:

Program & Institute of MPT, Sector-10, Gurgaon
122001, Haryana

Date & Time:

30 December, 2015
11:00 AM to 1:30 PM

The aims and objectives for conducting Big Data seminar was to introduce Big Data - term for data, sets that are very large or complex. But handling and processing applications are inadequate. Challenges include analysis, sorting, distribution, search, sharing, storage, transfer, visualization, privacy and security. The term often refers simply to the use of procedures and hardware rather than advanced methods to extract value from data and seldom to a particular set of set. Accuracy in big data may lead to more confident decisions and better decisions can result in greater operational efficiency, cost reduction and risk reduction.

1. Understanding and Targeting Customers
2. Understanding and Optimizing Business Processes
3. Financial Modeling

A career is an important aspect of an individual's life, where the individual has a link at his/her past, present and future and match with internal values to get some progress in his/her career-satisfaction. The able, sensitive and happy the person the more the success.

"Seminar on 3D Animation & photography"

A seminar on 3D animation and photography was organized by CREATIVE MINDS to sensitize students on the roads to a career in animation. The event witnessed over 600 participants many of them were school and college students who want to specialize in animation.

As India is producing many animation professionals who are presently based in reputed studios and production houses like Technicolor, Rhythm and Hues, Maya Digital, Prime focus, Red Chillies and UTV.

The speaker, Shri Sumant Bendre said, "not everyone is cut out for academics. There are children with other skills, too, and it helps to recognise these talents. I am happy that we get opportunities to conduct such to help children with such skills to explore possibilities.

Animation experts Sumant Bendre and team held an interactive session on "The Art of Visual VFX & photography".

A discussion was held on the various career opportunities available in the field of Animation & photography, and how to grab them smartly.

All the participants seemed to enjoy and benefit from the day since Sumant Bendre added loads of colour to the canvas of all the students. The seminar trained one and all in every aspect which is essential to successfully ace an interview.

Industry based Wordpress Workshop - Design and Build your own simple Website

About Workshop

A Workshop on "Word press Technology" organized by Dcodetech IT INDUSTRIAL TRAINING. A career in Word press Development can prove every bit as rewarding and much more fun! Also it improves your "Technical skills" and get an edge over your counterparts:

This is a Five days' workshop on Word press Development there are lots of Design applications that will not work unless you have Wordpress installed, and more are created every day. Word press is awesome, but often misunderstood, Is it a blogging platform? A CMS? Should you buy a custom theme or develop your own?

In this workshop you'll develop a custom site starting from scratch. Basically, you'll take a static front-end HTML/CSS template and do all the necessary magic to have that site running live and dynamic using Word press.

Workshop Details?

Workshop will be of 15 Hours (5 Days, 3 hrs. each)

For Domain and Hosting charges: Per Students 599/- Rs.

Training will be free of cost.

Workshop Benefits.

- 1-Industry based training.
- 2-Improve your Technical skill and get an edge over your counterparts.
- 3-Receive an unparalleled education on the art of computer security with personal one-to-one attention.
- 4-Covers all the basics for development.
- 5-Hands on Demonstrations of Latest Techniques & Tools.

Address: 504, Krishna Plaza, Opp. CKP Bank, Near thane railway Station, Thane (W) 400603.

Sub: Introduction Letter

Dear Sir / Madam

We are a software training and Placement organization based in Mumbai with more than 10 years of training experience. With highly experienced faculty and a culture of excellence, we provide our students with intensive training in software which equips them for the challenges of the global economy.

We offer training courses in Oracle, Java, .Net, Software Testing and Android. In today's extremely competitive world, one can survive only based on one's skill, both technical and soft skills. What sets us apart is our training style which combines world class theoretical education based on internationally certified curriculum along with ample opportunities for practical exposure on live projects. This ensures that our students obtain specialized skills so as to enable them to take up challenging roles in today's fast changing software world.

Our specialties are

- Small batch size, flexible batch timings and personal attention
- Internationally certified and industry oriented syllabus updated on continuous basis
- Experienced and certified faculty
- Extensive placement Assistance
- Guidance for international certifications
- Focus on developing live projects
- Interactive multimedia sessions

In order to impart latest technology knowledge to students we plan to conduct workshops on following topics:

- Career in Android
- Future in Python
- Java Technology
- Career in Software Testing
- Project to Placement

Each workshop will be of duration of 2 hours and fee. We request you to give us an opportunity for the same.

Thanking you
yours faithfully

Greetings from Impetus Consultrainers!!

Your academic year has started.

There are so many openings in IT industry. However, you take less attention to your studies and students have the necessary IT skills to get placed in IT industry.

Indian students have an excellent brain expertise in mathematics and good communication skills. You made India as IT powerhouse. But today we are losing that edge. Many countries, including China, are competing with us by upgrading their manpower with rigorous training and skill development programs.

For students to get their dream job, the educational degree alone is not sufficient. Today, IT companies are looking for people who are ready to be deployed into

We have to plan for their career well in advance. Your university has given us the golden opportunity to provide the competence of our students with **FINAL YEAR PROJECT**.

As we have to help them to get readymade project. Readymade projects may give them good marks but in industry they will lack the necessary technical skills.

Impetus Consultrainers has been providing project guidance for over last 11 years. Impetus focuses on the mandatory assignments and guides students to develop projects by their own.

Impetus help students to develop projects which will help them to showcase themselves at a professional level which will increase their chance of getting selected into their dream company.

Impetus also offers placement to its students. Our placement rate is highest as well as the best among all institute in industry.

We followed with Super Mega etc etc with the without seminar on **"Placement through Project"**

service. We are happy to help you and your. We request you to give us an opportunity to do the same.

Thanking you

Report of National Level Online Workshop on "Robotics with Sensors, Arduino + basic Coding from Scratch".

Resource Person	1. Mr. Jeyaraj Laksh
	Electro Junior Team
Organize By	1. Pragati College Of Arts and Commerce, Dombivli East
Date and Time	1. 30 th & 31 st May 2020. 4:00 PM to 5:30 PM.

National Level online workshop was held on 30th & 31st May 2020.

The presenter explained about the current requirement of Robotics and AI in the market and then start with the basics.

The specific objectives of the workshop are as

1. Learn and understand the basic environment of Electronics, Arduino, Sensors from scratch.
2. Participants can able to test the circuits without having the components in real.
3. Each and every topic practically performed by participants.
4. Participants build a mini project.

The presenter discussed each and every point clearly and explain practical on online app.

The participants are able to

1. Understand all the electronic components and Arduino.
2. Performed many circuits using different sensors.
3. Build a mini project based on Arduino.

In day to day life as IT is an essential part, similarly Basics of Electronics and Arduino is also essential to have knowledge of many things that we are using in our daily routine like smart watch, smart phone, etc.

Through this workshop student are able to understand different sensors and their use, different circuits etc. This workshop is very helpful to students to basics of Arduino and its coding through online app.
